

## CVAC Boarding Requirements & Consent Form

☉ Your pet must be current on annual vaccinations (Distemper/Parvo and Rabies) and heartworm preventative for boarding. We also require that your pet have a current Bordetella vaccination, which prevents against kennel cough, within the last 6 months. If your animal is not current on vaccinations/HWP at the time of boarding, or you are unable to provide us with verification from a licensed veterinarian, we will administer all that are needed at your expense.

☉ **YES or NO** Is your pet current on a monthly flea/tick preventative?

**\*\*Last date received:** \_\_\_\_\_

Your pet is required to be current on a flea/tick preventative at the time of boarding. If your pet is not current we will treat them at an additional cost. Also if fleas/ticks are noticed on your pet at any time during their stay we will treat them at your expense.

☉ **YES or NO** Is your pet on a daily prescription or over the counter medication? If your pet is on a daily medication there will be an **additional \$5.00 per day** charge.

☉ We will provide your pet with one of our blankets/beds while boarding. We do allow you to leave one toy to be kept in their kennel during their stay. We recommend that you take your leash home to prevent loss or damage. Please describe any item(s) left with your pet during their stay:

- 1) \_\_\_\_\_
- 2) \_\_\_\_\_

**We will not accept responsibility for any lost or damaged items that may occur during your pets stay.**

☉ We will feed Hill's Science Diet dog food to your pet while they are boarding. If your pet is on a "special needs" or Prescription diet we will allow you to leave that to be fed during their stay. Please list your pet's diet, how much you feed and how often below:

\_\_\_\_\_

Please put an "X" by any additional services that your pet may need while boarding:
